Ask First and Say Thanks!

- ❖ The majority of land within Wisconsin’s turkey management zones is privately owned. Wisconsin landowners appreciate those people who ask permission to hunt and say thanks afterward. This builds important landowner-hunter trust. Remember, entering private lands without permission is unlawful and creates a negative image for all hunters.
- ❖ All hunters are encouraged to scout their hunting territory well in advance of the season. Pre-season scouting correlates strongly with success in bagging turkeys in Wisconsin.

Hunter Selection System

- ❖ **Deadlines:** The application deadlines are **August 11** for the Fall, and **December 10** for the Spring hunting seasons. A \$3.00 application fee is required. Conservation Patron License holders are exempt from the \$3.00 fee.
- ❖ **Landowner Preference:** Resident landowners owning 50 or more contiguous acres within an open wild turkey management zone are eligible for first preference in that zone. They may also transfer their first preference status to an immediate family member or resident farm operator (as defined on the application) for that particular zone.
- ❖ **Non-resident landowners** owning 50 or more contiguous acres in Wisconsin, within an open wild turkey management zone, are eligible for preference above non-residents not owning land.
- ❖ **Cumulative Preference** has been implemented for spring and fall resident hunting permits. Spring and fall applications are tracked separately.
- ❖ **Fort McCoy Reservation:** Applications may be obtained by sending a self-addressed stamped envelope to : Directorate of Training, Mobilization and Security, AFRC-FM-TMR-RB (Permit Sales), 110 East Headquarters Road, Fort McCoy, WI 54656-5226. Applications may also be obtained from the web site at [www.mccoy.army.mil](http://www.mccoy.army.mil). Applications are available the end of February. Information: 608-388-3337. *Note: You may not apply for a Fort McCoy Fall turkey permit if you plan to or have already applied for a Fall turkey permit in a State of Wisconsin turkey hunting zone. This policy is different from the one that applies to Spring hunting.*

License Requirements

- ❖ All successful applicants, **EXCEPT** Conservation Patron license and Senior Citizen Recreation Card holders, must purchase a Fall turkey license to hunt turkeys with either a firearm or bow. Resident License—\$11.00; Non-resident license—\$55.00. A turkey stamp is also required.

- ❖ Residents and non-residents can purchase their license and stamp privilege at any DNR Service Center, ALIS License Agent, by calling toll-free 1-877-945-4236, or by going on-line at [www.dnr.state.wi.us](http://www.dnr.state.wi.us) (you must have a valid VISA or MC; there is a \$3.00 handling fee).
- ❖ Successful applicants are mailed a turkey hunting approval notice, registration stub and carcass tag indicating the zone for which the hunter is authorized to hunt. **The approval notice MUST be shown to license vendors when purchasing a Fall turkey hunting license.**

Turkey Stamp and Carcass Tag

- Stamp privilege cost: \$5.25 resident and nonresident.*
- ❖ In addition to the license requirement, all turkey hunters, **EXCEPT** Conservation Patron license and Senior Citizen Recreation Card holders, must purchase a 2003 turkey stamp. This stamp is valid for both Spring and Fall turkey hunting seasons during year of purchase. **The stamp privilege you purchase will be printed right on your license. If you pay for a stamp privilege and want to receive the actual stamp, you can get one at a DNR service center for no additional charge.**
  - ❖ A Fall turkey hunting license, turkey stamp privilege, carcass tag, and registration stub must be in the possession of the hunter while hunting turkeys.

- ❖ It is illegal to transfer a license or carcass tag, or allow their use by anyone else.

Bag Limit

- ❖ The bag limit is one turkey of any age or sex per hunting approval notice. If you receive 2 tags for the same zone, you may shoot 2 turkeys on the same day in the designated zone(s). Note: Turkeys with white plumage may be harvested and must be tagged in accordance with proper tagging procedures.

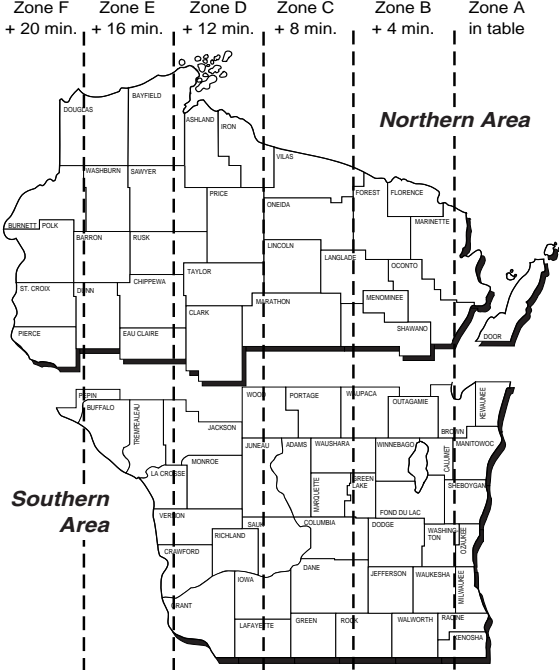

Wild Turkey Management Zones

- ❖ You may only hunt in the zone specified on your turkey hunting approval notice and carcass tag. All established turkey zones, except state park zones, are shown on the back of this pamphlet. All state parks, **except** Mill Bluff State Park, are not open to Fall turkey hunters. Buckhorn State Park *and* Wildlife Management Area A are **closed** to Fall turkey hunting.

Assisting Other Hunters

- ❖ No license is required to call turkeys for another hunter if the caller does not possess a firearm or bow.
- ❖ A guide license is required if the hunting assistant charges a fee.
- ❖ You may not shoot or attempt to shoot a turkey for another hunter to tag.

Hunting Time Zones

Focus on Safety

- Here are a few tips to help ensure that your hunt is a safe one:
- ❖ Be certain what you see or hear is a turkey—not a decoy or person.
  - ❖ Do not wear red, blue or white—the color of a gobbler’s head.
  - ❖ Consider wearing blaze orange when moving from place to place.
  - ❖ When another hunter approaches, never wave, stand or sound a turkey call; use your voice or whistle instead.
  - ❖ Avoid stalking turkeys. Use decoys with caution.
  - ❖ Select calling or ambush sites with your back to a tree at least as wide as your shoulders and where you can see at least 40 yards in all directions.
  - ❖ Never assume you are the only hunter in the woods.
  - ❖ Be certain no one is positioned beyond the turkey you are shooting at.

Reduce Crippling Losses

- ❖ Pattern your gun to know at what distances you have an effective pattern (at least 6 pellets in skull and neck vertebrae).
- ❖ Avoid shooting beyond 35 yards.
- ❖ Aim for the base of the featherless portion of the neck—not at the head.
- ❖ Never shoot at a flying turkey.
- ❖ Be prepared for a second shot if necessary.
